

Ace On The Head

Players: 2+

Type: Comparing

Card rank: K Q J 10 9 8 7 6 5 4 3 2 A

Objective

To force all the other players to lose their lives before you.

The Deal

Each player is dealt one card. Without looking at their card each player must hold their card up to their forehead so that all other players can see the value of the card. Each player also receives three lives.

The Play

Starting with the player to the left of the dealer, each player must choose to either stick with their card or swap their card with the person to their left. However, a player is not allowed to swap if the player to their left is holding a King.

Once all players have had a turn (play should end with the dealer), all players are allowed to look at their cards.

The player with the lowest card loses a life. Once a player has lost all three lives they are out. The last remaining player wins the game.
